*Improving the lives of families and young people in South
Warwickshire (aged 5-19)*

OVER 5's

Improving the lives of families and young people in South Warwickshire (aged 5-19).

The *Parenting Project* is a voluntary organisation, which works across the Stratford District for families with children from 0-19 years which offers a wide range of services to help make parenting that little bit easier.

What we can help with;

- ◆ Families at risk of breakdown and/or separation.
- ◆ Children or a young person experiencing difficulties at school.
- ◆ Support with transition stages in education.
- ◆ Support with special educational needs.
- ◆ Understanding and managing children's/young people's behaviour.
- ◆ Referrals to appropriate services

How we do it;

- ◆ 1-1 Family Support
- ◆ 1-1 Work with children and young people
- ◆ Group work with families and young people
- ◆ Advice, guidance and sign posting to services

Our project believes in a commitment to identifying problems early, reducing the severity of a problem and more importantly preventing the problem happening in the first place whenever possible.

Steph Elliott

Project Lead

Stratford Town Trust

Tracey Reinecke

Family Support Worker

Stratford Town Trust

Lauren Leigh Morris

Family Support Worker

St. Nicholas' C of E Primary School
