"I've found the Centre to be a great help, very
supportive and friendly. My child loves coming

What is a Children's Centre?

Sure Start Children's Centres are places where you and your family can access a range of services under one roof. All of the services are designed to support families with children under five with a purpose to help you manage the challenges of family life and to provide opportunities for your child to develop and thrive.

Studley Children's Centre is open to families living in the Studley & Henley in Arden community. Our community is defined as:

- * The streets and postcodes that are part of our local 'reach area' as designated by Warwickshire County Council

Families living beyond our community area are very welcome to attend our 'open' sessions which are marked on the timetable with this symbol.

We work very closely with the other Parenting Project Children's Centres in Stratford, Alcester, Clopton, Wellesbourne, Lighthorne Heath, Shipston & Southam to ensure that all families receive the support they require and have access to services that are most helpful to them. We also work in partnership with Health Visitors, speech & language and physiotherapists, social care teams including counsellors, and many others to bring you consistent and up to date information and support.

If you need any further information about anything in this leaflet please pop in to the centre or give us a call and we will be more than happy to help you.

More about what we offer...

Health Visitors 0-5 yrs clinic and other Health services

The health visitors and children's centre staff run a baby clinic at the Studley and Henley Hub, for weighing your baby, a chance to ask questions, and stay for a chat with other parents. The health visiting team also offer regular weaning sessions from the Centre to guide you through this important stage.

Baby massage

Our baby massage courses run for four weeks, all through the year, for babies from 10 weeks old. It is a wonderful opportunity to learn an easy massage routine that will soothe your baby and help you to create a close bond.

Baby Play

This group suitable for babies under 1, runs every week for anyone to drop in, explore sensory play, chat to other parents and join in with some singing at the end. It's a great place to make new friends and share in the joys and challenges of baby's first year!

Chatter matters

We run two courses of chatter matters, one for babies under a year old, and one for toddlers from 12 months. Each course runs for a number of weeks and includes lots of fun with songs, rhymes, instruments, scarves, treasure baskets and other activities. These courses really help to encourage your child's communication skills, and gives you ideas to carry on at home.

Meet & Play or Messy Play

A weekly play session run from the Studley Children's Centre and Henley Hub open to all families with children of any age under 5. There's always lots to play with, a baby area, messy/craft activities and finishes with snack time

Triple P and Nurturing Parenting Courses

Our family workers are trained to deliver Triple P and Nurturing for groups of parents and on a 1-1 basis. They give you easy to use strategies to encourage positive behaviour and support strong relationships.

Talk & Play and speech and language support

Ali, our speech and language champion, is available to discuss any concerns or questions about your child's talking, and also runs 'Talk & Play', a group for children 2years+ which helps boost their development through play and activities.

Please see our current timetable for special sessions or one offs that we occasionally run
