Take a look at Lighthorne Heath & District Nurture Nursery

- ◆ 12 place nurture nursery for children aged 2-3 years
- ◆ Experienced and fully qualified staff
- ◆ Individualised care in an environment tailored to the needs of very young children

This Surestart Children's Centre is managed by 'The Parenting Project'; a local charity working within the Stratford District for families with children from 0-19. For more information call 01789 490845

For more information:

Call: 01926 691105
Email: lighthorne@parentingproject.org.uk
or pop into the centre for an informal chat

What to expect from Nurture Nursery

- ◆ A setting that is equipped to encourage child-centred learning through stimulated and imaginative play
- ◆ A safe, happy and healthy environment
- ◆ Each child has a key worker who is responsible for ensuring your child is settled and happy and will be the primary liaison between home and nursery
- ◆ Our staff closely follow the Early Years Foundation Stage (EYFS), which includes the legal requirements that must be followed as well as the seven areas of learning used to plan activities and play
- ◆ We believe that through sharing your child's experiences here and at home that your child will have the best start
- ◆ Staff will keep assessment records, monitoring your child's development and progress. This is the start of the process that continues throughout your child's education. These records will be shared with you and you can add to them too

You may be able to get a free childcare place for your two year old. For more information about this or to apply online go to:

www.warwickshire.gov.uk/childcarecosts

More about what we offer...

Being Imaginative

Role playing in the mud kitchen provides an opportunity for children to learn how to take turns, get to know their peers as well as working collaboratively together

Exploring and using media and materials

- Exploring the effects of mixing paint
 - Playing with different textures
 - Creating their own designs

Physical Development

By providing a variety of equipment children are able to tackle a range of levels and surfaces, practicing movements of their choice, jumping and balancing

Please see our current timetable for all activities held at the centre or an outreach venue
